OBJECTIVE

Motivated software engineering student with strong programming and SQL skills, seeking an entry-level Software Developer Engineer position. Proficient in developing, testing, and deploying software solutions with hands-on project experience in database management and programming. Eager to contribute to high-performance software solutions and collaborate with cross-functional teams in a fast-paced environment.

EDUCATION

B.E, Bangalore Institute of Technology
Information Science, CGPA-8.52

Expected 2025

Pre-University, Jain College
PCMC, Aggregate - 86%

2019 - 2021

SKILLS

Technical Skills

Python, C, Java, SQL, HTML, CSS, JavaScript, MySQL

Core Competencies & Frameworks

Django, Flask, Object Oriented Programming, SQL Queries,
Data Analysis, Debugging, Unit Testing, Version Control (Git)

Soft Skills

Communication, Problem-Solving, Adaptability, Time Management,
Collaboration

PROJECTS

AATC Portal. Developed a Django-powered portal catering to 10,000+ students and staff, enhancing academic transparency with efficient result, session, and feedback management. ([GitHub](#))

Book Delivery System. Built a book management system using PHP, HTML, JavaScript, and MySQL to streamline order management and delivery tracking with a user-friendly interface. ([GitHub](#))

Review System. Implemented a sentiment analysis system to classify restaurant reviews as positive or negative using NLP and machine learning models (Logistic Regression, SVM, Naive Bayes). Developed a Streamlit app for real-time analysis. ([GitHub](#))

Courier Service System. Led the development of a courier service system using HTML, CSS, JavaScript, and AJAX, boosting delivery rates by 30% and enhancing customer satisfaction. ([GitHub](#))

EXPERIENCE

Full Stack Web Developer Intern
Prinston Smart Engineers

Sep 2023 - Nov 2023
Bangalore, India

- Developed and optimized a Book Delivery System using PHP, CSS, HTML, JavaScript, and MySQL to enhance functionality and streamline operations.
- Improved website performance and user experience through responsive design and modern web technologies.
- Led the integration of secure, scalable solutions, ensuring high performance and responsiveness.

CERTIFICATION AND TRAINING

1. [1st Place - CRASH CODE Coding Competition at BIT](#) , 2. [Python Complete DSA in Udemy](#) , 3. [Full Stack Web Development Internship at Prinston](#) , 4. [Python and Django Framework in SpringBoard](#)
