OBJECTIVE

Proactive and detail-oriented software engineering student with hands-on experience in data analysis, dashboard development, and stakeholder engagement, seeking a role at the Agile CoE. Eager to leverage strong analytical skills and experience with data visualization tools to support data-driven decision-making and business objectives.

EDUCATION

B.E, Bangalore Institute of Technology   Expected 2025
Information Science, CGPA-8.52

Pre-University, Jain College   2019 - 2021
PCMC, Aggregate - 86%

SKILLS

Technical Skills & Frameworks	Python, SQL, JavaScript, HTML, CSS, Data Analysis, Tableau, Excel
Core Competencies	Django, Flask, Data Visualization, Agile Methodologies (Scrum, Kanban)
	Data Structures and Algorithms (DSA), Operating Systems (OS)
Soft Skills	Communication, Analytical Thinking, Stakeholder Management,
	Problem-Solving, Time Management

PROJECTS

AATC Portal. Developed a Django-powered portal for 10,000+ users, enhancing access to academic results and feedback. Created data-driven features for improved user interaction and engagement. [(GitHub)](#)

Book Delivery System. Implemented a PHP-based system for efficient book order management. Used data analysis to streamline operations and enhance user experience. [(GitHub)](#)

Review System. Built a sentiment analysis app using NLP and machine learning models. Created visual dashboards for real-time review analysis and reporting. [(GitHub)](#)

Courier Service System. Developed a feature-rich courier application with enhanced delivery tracking and reporting capabilities. Improved operational efficiency and customer satisfaction through data insights. [(GitHub)](#)

EXPERIENCE

Data Analysis Intern (Project-based)   Jan 2024 - Aug 2024
Self-Initiated Project   *Bangalore, India*

- Created and maintained Tableau dashboards to visualize data trends and support decision-making.
- Conducted thorough data analysis using SQL and Excel, generating reports and insights for various projects.
- Utilized survey tools to gather data and automated attendance tracking from virtual meetings.

CERTIFICATION AND TRAINING

1. [1st Place - CRASH CODE Coding Competition at BIT](#) , 2. [Python Complete DSA in Udemy](#) , 3. [Full Stack Web Development Internship at Prinston](#) , 4. [Python and Django Framework in SpringBoard](#)
